

The WAMM newsletter is established as a non-profit voice for the purpose of circulating information of interest or value as well as shared experiences to Mooney Mites owners and enthusiasts. In addition, it is formed in recognition that a newsletter is essential to maintain communication between mite owners in attempting flying condition preservation of the remaining single place Mooneys. The newsletter is published as enough news and information gathers to be informative to the mite owners.....

I Wish I Was A Mooney Mite

by Jim & Red

I wish I was a Mooney Mite,
Soaring through the sky.
Cause if I was a Mooney Mite,
I could fly up, up so high!

I'd circle, dive, soar and climb,
as easy as the breeze,
and never, ever would you hear
me cough, or snort, or wheeze!

I've flown the big ones
and the small,
In fact I've flown them all
and now I've finally found my
love, the "Mite,"
she beats them all.

The WAMM fly-in at Georgetown Calif. last August turned out reasonably successful with 14 or so people showing, some driving and the other 10 flying their planes. The young couple (Steve & Trish) running the airport were extremely nice folks accommodating each one of us in every way to make us welcome! The members (pilots) that flew in their aircraft received a certificate as an honorary crewmember aboard the USS Georgetown CVE-16 (Aircraft Carrier) which the airport was named after--the airport sits on somewhat of a plateau giving affect of a carrier deck. Weatherwise, it was marvelous for the weekend fly-in with a short flight to Auburn Calif. airport for lunch. A great time was had by all attendees! We shall consider it perhaps for next year---???

Jim Bergo and Red Ewing dropped me a letter to show off their real loves ---two nice Mooney Mites. While visiting teir daughters in Tenn. and North Carolina respectively, this year, they located the mites.....Enclosed in this newletter is a page entitled "I WISH I WAS A MOONEY MITE" by Jim & Red explaining their feelings about their MAGIC CARPETS! Hey Jim & Red lets really show them off by flying the mites to the WAMM fly-ins this coming year.

The WAMM flyin dates for 1995 are: Porterville Ca. Spring Get-together 19, 20 & 21 May

*1995 19th Annual Mite Flyin 25, 26 & 27 August

* Site will be decided at the Porterville gathering .

For those of you that have received this newsletter before christmas, have a MERRY CHRISTMAS and a great New Year....For some that may have received their newsletter later, here's hoping that yours was a HAPPY HOLIDAY with also a great New Year!!!!!!
